

GENETIC TESTING FEE SCHEDULE

Please note that not all fees and treatment costs are listed here.
You will receive a full breakdown of any charges in your personalised, costed treatment plan before you start treatment.

This is a schedule of the main costs involved for patients wishing Preimplantation Genetic Testing for Aneuploidy (PGT-A), Monogenic / Single Gene Disorders (PGT-M), or Chromosomal Structural Rearrangements / Translocations (PGT-SR).

CARE FERTILITY

PREIMPLANTATION GENETIC TESTING

PREIMPLANTATION GENETIC TESTING	
INITIAL GENETICS COUNSELLING APPOINTMENT	£305.00
FOLLOW UP GENETICS COUNSELLING APPOINTMENT	£155.00

PGT-A (ANEUPLOIDY) PGT-A can only be provided in an elective freeze all IVF treatment cycle.	
PGT-A FEE The fee includes treatment set up, biopsy set up and Caremaps Ai. Extended culture and ICSI (if required) are not included in the fee.	£1,445.00
PGT-A FEE PER EMBRYO BIOPSIED	£395.00
EMBRYO THAW, BIOPSY, AND REFREEZE Fee includes embryo thaw, treatment set up, biopsy set up.	£1,375.00

PGT-M (MONOGENIC / SINGLE GENE DISORDERS)	
SINGLE GENE TESTING OF UP TO 9 SAMPLES – INITIAL CYCLE	£7,670.00
SINGLE GENE TESTING OF UP TO 9 SAMPLES – SECOND AND SUBSEQUENT CYCLES	£5,390.00
TWO GENE TESTING OF UP TO 9 SAMPLES – INITIAL CYCLE	£10,010.00
TWO GENE TESTING OF UP TO 9 SAMPLES – SECOND AND SUBSEQUENT CYCLES	£5,445.00
SINGLE GENE TESTING OF UP TO 9 SAMPLES WITH HLA MATCHING	£10.010.00
PGT-M ADDITIONAL SAMPLE CHARGE (PER SAMPLE TESTED ABOVE 9)	£540.00

PREIMPLANTATION GENETIC TESTING

PGT-SR (CHROMOSOMAL STRUCTURAL REARRANGEMENTS / TRANSLOCATIONS)	
PGT-SR TESTING OF UP TO 8 SAMPLES – INITIAL CYCLE	£5,285.00
PGT-SR BIOPSY CHARGE – SECOND AND SUBSEQUENT CYCLES	£842.00
PGT-SR ADDITIONAL SAMPLE CHARGE (PER SAMPLE TESTED ABOVE 8)	£530.00
SUBSEQUENT TRANSFER OF FROZEN EMBRYOS	
FROZEN EMBRYO TRANSFER (FET)	£2,900.00

ADDITIONAL INFORMATION

ADDITIONAL INFORMATION TO CONSIDER
1. Patients are charged separately for drugs supplied by Care Fertility. The price of drugs is not included as it is patient specific, but is generally in the range of £1,000 - £2,000. You will receive a full breakdown of any charges in your personalised, costed treatment plan before you start treatment. If you are unsure of which charges apply to you, please contact your local clinic for clarification.
2. The HFEA charge Care Fertility a fee of £100 for completed IVF (excluding EFA), egg recipient, egg sharer, surrogacy and FER treatments. This is charged to the patient in addition to the costs outlined above.
3. The PGT-A fee includes treatment set up, biopsy set up and Caremaps Ai. Extended culture and ICSI (as required) are not included in the fee.
4. The PGT-A fee is refundable in full in the event of a failed egg recovery/fertilisation/cleavage. A partial refund of £370 is available if embryos are cultured but none are biopsied.
5. The PGT-M fee includes extended culture and ICSI for the initial and second/subsequent cycles.
6. The initial cost of the PGT-M testing includes a non-refundable element for genetic test development: a) £2,220 for single gene disorders b) £4,000 for two gene disorders / single gene disorders with HLA matching.
7. The PGT-SR fee includes extended culture and ICSI for the initial cycle only, extended culture and ICSI become chargeable for second and subsequent cycles.
8. All fees listed are for our primary testing provider. Where they are unable to complete the test and alternative providers are able to do so, additional fees may apply. You will be advised of these costs before agreeing to proceed.

PAYMENT

PAYMENT OPTIONS

Treatment fees are paid before the treatment starts. Bank transfer, debit and credit cards are accepted methods of payment.

Care Fertility reserves the right to amend prices. If you have a consultation with Care Fertility and agree to a recommended course of treatment, we will provide you with a fully costed treatment plan and an invoice that sets out the cost of the medications we recommend. Once the treatment and medication invoices are paid, we will provide treatment for the agreed price, which will not change unless we give you six months' notice. If we implement price changes before you have paid your invoices for treatment then we will provide you with an updated costed treatment plan and invoices so that we can expressly agree the cost of treatment with you before you enter into a contract with Care Fertility by paying for your treatment and medication.

Effective from 1 January 2026.
